Second To None In Providing Savings

Barrington Schools SD 220, Barrington, IL.

"The mission of the Barrington Public Schools is to prepare students to become knowledgeable citizens who contribute to an ever changing global society, by providing its students with an outstanding education driven by a dynamic curriculum, a dedicated staff and a committed community, all constantly striving for excellence." Barrington public schools have a growing enrollment of almost 3,000 students and an instructional staff of 225.

Challenges

- Maximize the operating and energy efficiency of all district school buildings.
- Operate and maintain all systems and equipment from multiple manufacturers, ensuring that performance meets and exceeds specifications.
- Provide the professional depth of expertise and service needed to manage sophisticated climate, and communications.

Solutions

- Provide local area network Metasys control systems allowing for the time efficient communication of the districts mechanical systems.
- Full service maintenance agreement with full time operating staff.

Results

- Improved the heating and cooling comfort levels for teachers and students, and providing a safe, healthy and productive learning environment.
- Experienced operational savings due to improved equipment monitoring and control, as well as a structured maintenance program through the Planned Service Agreement.
