Re: Art Auction

Date: August 21, 1998

Mary,

I want you to know how much I appreciate all the work you did on the Art Auction. Having done similar things I am very much aware of all the work that goes into the planning and organizing such.

In spite of the small crowd I thought we had a successful auction as we made around $22,500 for Habitat. You had a wonderful group helping you form your church! That is much appreciated, too. The setting in the church was great I thought so please express my gratitude to your church for sharing their facility.

I don't know how you managed to get all of the pieces of art framed FREE but that was tremendous.

Again, thank you very much for your hard work but most of all for your continued interest and support for Habitat for Humanity. It is because of people like you that Habitat is able to fulfill its mission of eliminating poverty housing.

After I talked with you by phone the other night I found the enclosed newsletter from Habitat about international workcamps which I had just received. There will be more of these organized for 1999 as time goes on so keep in touch as they will appear in the future newsletters and/or on the internet home page of Habitat International. I would like very much to go to another one in 1999 if my schedule permits. It would be fun to go with you.
