## Camouflage Influences

Il ritmo e il movimento della natura si ripercuotono nell'uso della linea curva e delle forme arrotondate che ricompongono lo spirale delle conchiglie e le strutture del fondo marino sabbioso.

The rhythm and movement of the nature reflect the curve line and natural forms, remembering the spiral of shells and streaked sea depth.

I colori caldi e naturali del marrone e del beige abbinati a motivi che si ripetono o si riprendono evocano l'idea di una passeggiata sulla spiaggia e il suono delle onde che arrivano a riva.

The natural and warm colors of the brown and beige combined to a mixture of designs, evoke the idea of a foreshore walk and the sound of the waves.

Floral and striped patterns with an optical-warmth effect on a warm colour palette that send back to an exotic beach or retro atmosphere.

Il corallo, l'arancio, il verde e il giallo emergono da sfondi striati sui toni del beige, del marrone e del rosa dando koo o calore alla fantasia.

The coral, the orange, the green and the yellow come out in a striped background on beige, brown and pink lightening and giving heat to the patterns.

Una palette cromatica che ricorda un cesto di frutta tropicale abbinata ai motivi floreali e rigati dà a queste stoffe a caribbeo e un ritmo vintage.

The chromatic palette remembers a tropical fruit basket creating a mix of flowers and stripes patterns that give to these motifs a caribbean sound and a vintage rhythm.
