

Hi Mrs. Bisera,

Thank you so much for agreeing to write a college letter of recommendation on my behalf!

As I mentioned to you when we met, I am applying to eight different colleges. Six of the colleges use the Common App and you can submit one copy of your letter of recommendation for all of these schools by logging into the “Recommender” section of the Common App website after you receive an email invitation from me (<https://wwwcommonapp.org/Login>).

For the other two colleges, I have included a postmarked envelope where each letter of recommendation needs to be sent. I am applying ...., and the deadline for their letter of recommendation is ..... The other school, as well as the 6 from Common App, I am applying regular decision. These recommendation letters are due on January ...

The reason I asked you to be my recommender is because I loved your AP Language and Composition class, and because you are familiar with my work ethic and academic abilities. Below are a few things I will always remember from your class and I hope they will help make writing my letter easier:

- On our Group Research Project Final Paper, I spent a substantial amount of time working on synthesizing as many sources possible as well as meticulously checking my spelling. I also worked to really understand the sources in order to better prepare myself for the AP test.
- For each book we've read for AP Language, I've made sure to diligently read them, never skipping valuable information which allowed for me to be better prepared for the AP test.
- I kept all of my “Weeds and Roses” well organized throughout the year, kept track of each of my essays scores, and made sure to file away each essay we wrote throughout the year for future reference in my college classes.
- English has always been my favorite subject in school and something I am passionate about. Writing allows people to express their words in ways that couldn't be done if they were just spoken. This class has made me admire that aspect of writing more and helped me form a strong argumentative stance and greatened my analysis skills which I will carry with me throughout the rest of my highschool career, as well as college.

I hope these points are helpful to you as you write the letter; however, do feel free to focus on other topics related to my in-class performance that you think the college might like to know.

Again, thank you for your time. I know how busy you are and I really appreciate your help.  
Please let me know if you have any questions or if I can be of any help –
