RE: Letter of Recommendation for Derek P. Wimmer, PA-C

To Whom It May Concern,

It is my pleasure to write a recommendation for Derek P. Wimmer. I have personally known Derek for one year during which time I have worked closely with him in different capacities as his supervisor. He is a very bright and extremely well rounded individual with great clinical prowess.

Derek is known as an incredibly hard worker who always ensured that his patient receives the best possible care. He is a very warm individual who is a naturally good communicator and is able to quickly establish meaningful relationships with patients, physicians and other members of the health care team. He is a voracious reader of the medical literature. His professional demeanor is above reproach. He has evidenced high moral and ethical standards. Derek is a talented teacher and is well liked and respected by his fellow physician assistants and ancillary staff.

Derek P. Wimmer is an outstanding certified physician assistant who has proven to be a superior clinician, wonderful teacher and well-respected among his colleagues. I recommend Derek with my highest endorsement for a license as a physician assistant in the state of Florida. Please feel free to contact me directly if you have any further questions at (915) 241-7697.

Sincerely,
