RE: Police constable Position

Please accept this letter and enclosed resume as application for the police constable position, which is advertised for on the police Service website. My goals and aspirations are being accepted into the Calgary Police Service and be able to serve and, protect the residents of Calgary.

I would be able to put my learnt skills from Lethbridge College to the best use. Having a very good knowledge of the Canadian criminal justice system will push me through the hiring process without any issues. I wish to put my skills, honesty, and dedication to the test within the ranks of the police service. I believe that with the training, my skills and knowledge would keep increasing and, would be a great improvement to my ever growing life.

Previous employers of mine would agree, that I am able to do whatever task is delegated to me without supervision and, without too much instruction. Managing at iWorld Connect and Jersey City helped my leadership skills grow, it also helped in learning on how to come up with new ways to get objectives completed. Every job that has had me as an employee has learned that I will be precise and detail oriented in whatever job is given to me.

Being given the opportunity to join the police will benefit me, but will also benefit my skills and education by helping me gain an even more in depth knowledge of the criminal justice system. It would be an honor to serve the great city of Calgary and to protect the city however it is needed. I would like to show you, and explain to you more in person with the opportunity of an interview, I can be reached by my cell phone at 403-332-3720, or by email at [p.hernandez1709@gmail.com](mailto:p.hernandez1709@gmail.com)

Yours truly

Pedro Hernandez
