“I have seen a huge improvement in the pupils attitudes to learning. They are more positive and trying really hard. They are more focused, polite and confident. Role models for all the others.”

Assistant Head, Ms Emmanuel - Sydenham Girls

TESTIMONY

"It's been extremely valuable to the school, for our students who needed some direction and purpose in their lives. Working with For Jimmy has been a remarkable way to get them to focus on themselves and their role in the world."

Carolyn Unstead, Head Teacher - Sydenham Girls

"I'm really pleased that my Year 7 students are involved. They've made some really, really important links. Not only with For Jimmy, but also with our year 12 students who are involved with the charity. So, it's been a way for the older girls to be really good role models and guides to the young ones."

Head of Year 7, Anna Mastihi - Sydenham Girls

"The girls have really made improvements. Their reports show that they're making very good progress and effort. It's exactly what we would like to see, for all of our girls."

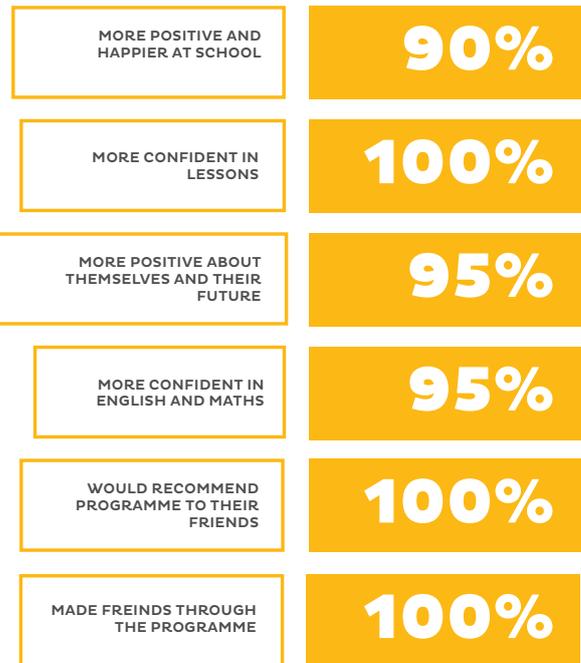

Head of Year 7, Anna Mastihi - Sydenham Girls

"I had one of the pupils saying to me today that she felt much more confident now after being with For Jimmy. She kept asking me if we were going to do it again next year, and I was very pleased to be able to tell her that we were, because it's been so successful."

Head Teacher, Carolyn Unsted - Sydenham Girls

"They're making more friends, showing more confidence in the classroom and now building good relationships with other students."

Assistant Head, Janet Emmanuel - Sydenham Girls

PUPIL VOICE

TAKING PUPILS BEYOND THE SCHOOL GATES

'I actually like school now, I enjoy it I am excited and happy now. I am not as shy as I used to be and am able to make friends,I am more confident in schools and lesson, I am doing better now.'

'I want to be part of my community now, I feel much less anxious about myself. I like myself now. I am a good person, people can like me, I can do things. I no longer feel frightened.'

CHILD B

'I love school more than I ever did, it has made me want to come in for lessons. School is good now, I have found out how to work with other people.'

'I have learned that I am not boring, that people can like me. That I can do well in lessons, that I am good at English and speaking.'

CHILD J

'I have become more outgoing. It helped me realise I can help others, that I can make friends, that I am good at things.'

'I can do things, I am more confident in my writing and speaking. We have written lots of professional documents and this has really helped my English, speaking. Helping me to understand documents, confidence in writing.'

CHILD N

FORGIVENESS, PEACE & HOPE FOR JIMMY

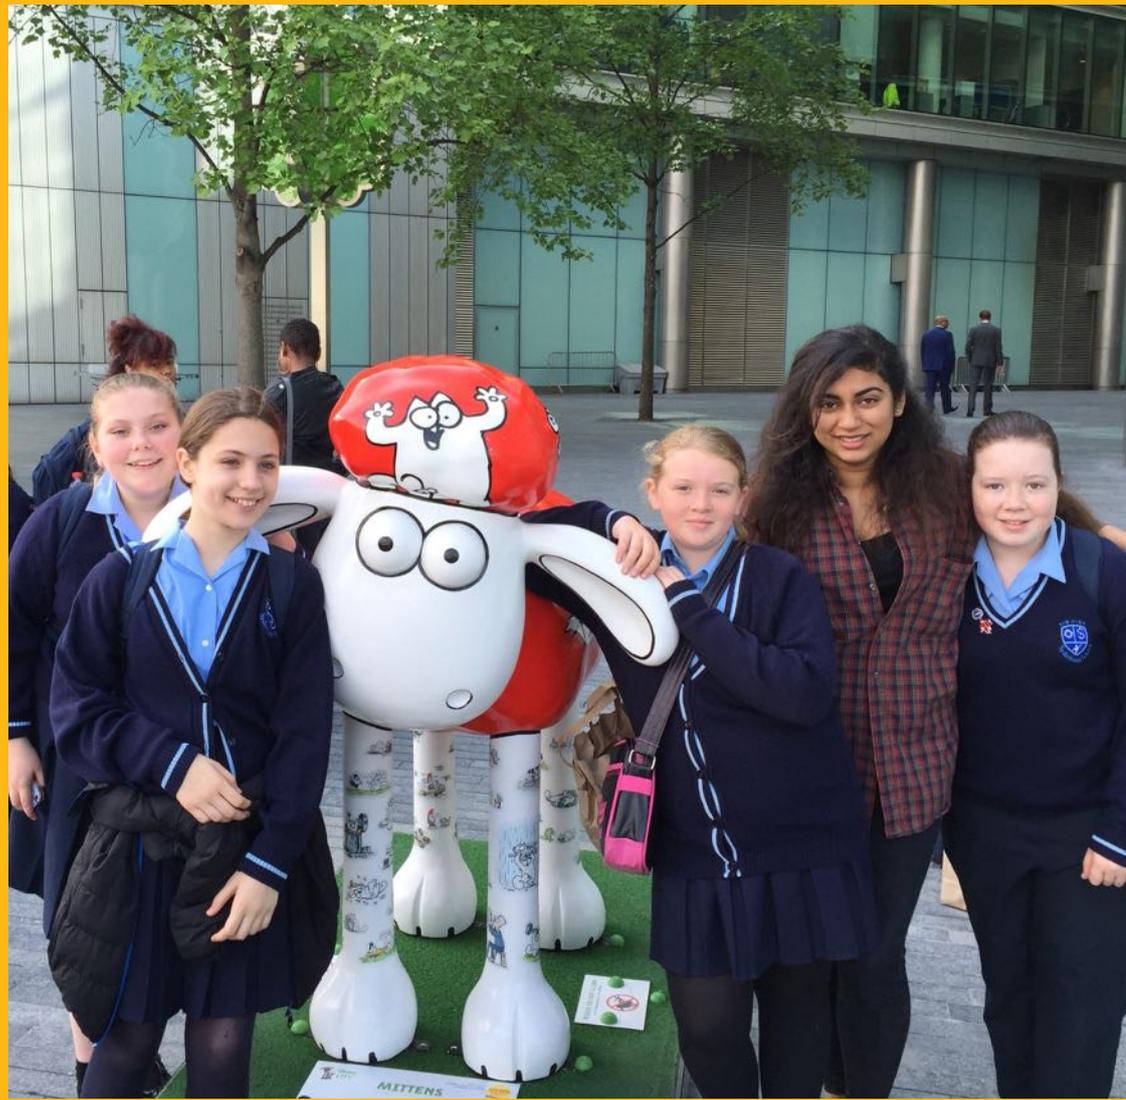

Following the murder of our son Jimmy in May 2008, we as a family have been determined of two outcomes. We will not be beaten by his death and that something good will come from it.

For Jimmy works to make young people safer by building a legacy of peace in Jimmy's memory. We do this by creating amazing projects that take young people beyond the school gates.

SYDENHAM GIRLS 2014-2015

We had a fantastic programme with the King Alfred Federation last year, here is a gallery of photos of the work that we carried out.

WE'RE IN SCHOOLS FOR JIMMY

It's been such a fantastic year for our schools programme. We worked with eight schools across the London Borough of Lewisham. Here's some photos from our final events with these wonderful pupils and some feedback from their teachers.

"I can think of one particular boy that came in to talk about the work that he is doing. He's able to feel very proud about the contact that he's had with lots of members of the community, and talked about how positive the reaction has been. That to me is the highlight, when you see that in the children."

“The programme is definitely building positive attitudes, giving our pupils a sense of empowerment to be influential in the type of communities that they want, to look at how they want to build positive communities. And that’s important because there’s a lot of peer pressure for young people.”
Steve Brady, Headteacher, Forest Hill School - Forest Hill, London.

“I have seen a huge improvement in the pupils attitudes to learning.They are more focused, polite, confident role models for all the others.”
Janet Emmanuel, Assistant Head, Sydenham Girls - Sydenham, London

“Some of these kids could go down a route that we don’t want them to go down, and I know that if schools work on a scheme like this students will be thinking about others and their welfare and it will definitely change things. Yes, in answer to your question I feel that they are a lot safer, I’m a lot safer and if we can work on a programme like this with other schools Lewisham will definitely be safer.”
