Question: Who should you read this book?

Question: What can you learn from this book?

Question: What type of book is it?

Question: Why are you qualified to write this book?

Question: *Random Informational Questions*

Author Answer will be supported by audio and text quotes.

HOW ARTIFICIAL INTELLIGENCE IS CHANGING THE WORLD OF SELLING

This is the first book to explore how Artificial Intelligence is changing the world of selling! We are about to experience the equivalent of a major tectonic shift where the functional plates of sales, marketing, and technology will shear and, in some cases, smash against one another. Functions that were once the domain of salespeople will be transformed, subsumed, or obliterated.
