Jennifer, I want to start by saying it was a pleasure meeting you ... glad you are a bride that has specific ideas ... also glad to see that you are open to creativity ... you had such great ideas ... I can tell it's going to fun working with you ... OK, lots of options to consider ... hole on ... here we go!

Personal Flowers... Ladies First...

Your bouquet will be medium-sized to showcase your gorgeous figure ... created in a clutch style design that will be light and easy to carry ... look these flowers up on the web and email me any specific pictures that you like ... we will mainly use blue hydrangeas ... light sky blue Hydrangeas, blue Delphiniums, white Stephanotis, white Stock and white Phaleanopsis Orchids will be grouped in a tight design ... several of the stems will be left longer to rise out of the base and give the bouquet dimension ... the Stephanotis will receive small crystals in the center ... the stems will be wrapped with silver colored ribbons ... the bottoms of the stems will be left slightly exposed at the base to show the greens and complement your theme ... the contrast in shape of the four different flowers will give your bouquet texture as well as the modern elegance that you spoke of during our first meeting

One (1) Bridal Bouquet\$

A matching Toss Bouquet will be provided for later in the evening ... we can put this behind the cake on the cake table

One (1) Toss Bouquet\$

Your one (1) Maid of Honor will also receive a clutch styled bouquet, in between the sizes of the brides maids bouquets and your bouquet ... these will also have more blues and greens and alternate flowers to create a visual difference ... still using Hydrangeas and Delphiniums, we will accent their bouquets with white Queen Anne's Lace as well as well as white Stock ... small clusters of sky blue hydrangeas as they turn from green will add more color so her bouquet visually pops off her gowns while the white stock brings elegance to her stature in your bridal party ... in her bouquet, we will use the same blue Delphinium Fountains that will also be used in the boutonnières ... again, stems wrapped with silver ribbons with the stems exposed at the base

One (1) Maid of Honor Bouquet.....\$

Your five (5) Bride Maids will receive similar clutch styled bouquets, yet be smaller in size to make your bouquet the grander presentation ... these will have more blues and greens and alternate flowers to create a visual difference ... still using Hydrangeas and Delphiniums, we will accent their bouquets with white Queen Anne's Lace as well ... small clusters of sky blue hydrangeas as they turn from green will add more color so their bouquets visually pop off their gowns ... in these bouquets, we will substitute the white delpiniums for fountain blue delphiniums that will also be used in the boutonnières... again, stems wrapped with silver ribbons with the stems exposed at the base

Five (5) Bride Maid Bouquets.....\$

The two (2) moms and two (2) grandmas will receive floral corsages created with a mixture of the above florals ... it is my experience that the best corsage are wrist corsages ... that way, their hands are free ... but, depending on their gowns, we can always do lapel corsages or create them so they can be pinned to their purses ... a detail we'll work out later

Four (4) Floral Corsages.....\$

Now, onto the Gentlemen...

Manuel's boutonniere will include two blue orchids and one mini white Phaleanopsis as well as a few crystals to coordinate with the Bridal Bouquet and to give his boutonniere a unique and classy touch ...

One (1) Groom Boutonniere.....\$

Your one (1) Best Man will receive a boutonniere created with one mini white Phaleanopsis accented at the back with a couple sprays of blue Delphinium Fountains
One (1) Best Man Boutonniere\$

The five (5) Groomsmen will receive similar boutonnieres of the Best Man, but we will make them smaller to show the prestige of the Best Man
Five (5) Groomsmen Boutonnieres\$

Cocktail Hour!!!

As your guests enter the Hyatt Court of Lions they will be welcomed by a peaceful garden feel ... the hotel is providing you with beautiful white table and chair sets ... we will decorate these clear glass tables with the same low centerpieces that will be used in the ballroom ... we spoke of these during our initial meeting ... as we do not want to spend too much on the cocktail hour and the courtyard is already beautifully decorated by the hotel, these centerpieces, an open bar and possibly four extra highboys are all we need!!!

Centerpieces: The centerpieces will contain a combination of florals from your bouquets and boutonnieres ... we will add the Calla Lilies, LED lights and colored stones that we discussed in our first meeting ... the arrangements will all be placed within square glass vessels for a unique Avando vibe ... other flowers for these centerpieces will include the sky-blue hydrangeas and dark blue Delphiniums ...
Six (6) Avando Inspired Floral Centerpieces\$

Option:

To give your tables an eclectic and unique design ... we can add some high-boy tables to replace a couple of the cocktail tables ...

Four (4) Highboys\$

THAT'S IT FOR COCKTAILS ... NOW ONTO THE PARTY...

Place Card Table: The Place Card Table is usually positioned outside the ballroom in the foyer area ... We will provide a 3' tall square clear glass vessel filled with green, blue and silver colored gems ... The vessel will match the dinner table centerpieces to provide a unique touch to the party ... clusters of mini white Calla

Lilies will be placed inside the vessel ... Ocean blue pillar candles and votive candles will surround the back of the vessel to highlight the gems and Callas ...
Place Card Table with Floral\$

BALLROOM DECOR

Ceiling Treatment: Modern, yet elegant touches for the Reception ...the first great visual as guest enter the Ballroom will be the ceiling ... the first, and my personal favorite, is to place air spheres in various sizes over the dance floor ... the large white spheres you liked during your visit in varying sizes ... each to be hung at varying heights above the dance floor ... then surround them at each side of the dance floor with deep swags of chiffon draping in your color palette ...

Twelve (12) Air Spheres Ceiling Treatment\$
Six (6) Chiffon Swag Ceiling Treatment\$

OR, we can provide a symmetrical design of chiffon drapes by adorning them over the entire ballroom ceiling without the extra modern air spheres above the dance floor ...

Symmetrical Ceiling Treatment\$

Lastly, if you are going for a more contemporary feel, we can decorate the entire ballroom ceiling with approximately (24) air spheres in various sizes and colors...

Twenty-four (24) Air Sphere Ceiling Treatment\$

I can show you more pictures when we meet again to pick-out which design YOU like best!!!

Floral Centerpieces: I love the idea we came up with for the centerpieces ... the tall clear glass vessels filled with the flowers designed "inside" the vessel ... each will contain a combination of florals from your bouquets and boutonnieres including the addition of Calla Lilies ... the inside base will feature a bed of green and blue glass beads ... an LED light will be hidden by the beads and make each centerpiece vibrantly glow ... this "Avando" inspired floral will give a minimalist, yet high-end and elegant vibe ... the final touch will be clear, green and blue beads and a multitude of votive candles to surround each of these unique centerpieces

Ten (10) Avando Centerpieces\$

Overlays: We'll make use of the Hyatt's white linens ... we will instantly upgrade the basic poly/cotton linens with the Ice Blue Sparkle and the Apple Sparkle Organza overlays ... we will then menu-fold a matching napkins in order to insert party favors that we will decide on at our next meeting ... the Ice Blue table will receive Apple colored poly napkins and the Apple table will receive Ice Blue napkins

Ten (10) Organza Overlays.....\$
One Hundred (100) Napkins.....\$

Again, we'll make use of the Hotel's white chair covers ... we'll bring in fifty (50) Ice Blue Sparkle Organza and fifty (50) Apple Sparkle Organza chair ties

One Hundred (100) Organza Chair Ties.....\$

The Sweet Hearts table will receive a low floral centerpiece to adorn the front of the table ... matching florals will be designed in a cascading and "spilling" display ... the final touch will be a multitude of votive candles to wash the newly-weds with golden light

Sweet Heart's Table Floral.....\$

Lighting: Just when you thought that we were done creating magic within your space, here comes the final touch of theatrical lighting units around the perimeter of the room to make it glow with amber light

Perimeter Theatrical Lighting Package.....\$

Delivery, Trucking, Set-up Labor, On-Site Coordinator and Strike Labor Charges for the Above Package on the Day of the Event.....\$

Jennifer, lots to consider ... we can always meet again, since we have so much time ... you may be inspired by another floral design you see in magazines in the upcoming months ... we can always make changes ... this promises to be a beautiful wedding ... lots of elegance with unique touches ... call me after your review!

Take Care,

Ted Boyd
