

Tanner,

Thank you for all your hard work and support over the last few months. We have all learnt a lot from you, your I.T knowledge, your positive approach and your diplomacy skills. These qualities have helped us through the stress of E.S.R testing - go-live.

It has been a pleasure knowing you and working in your team. Very best wishes to you & your growing family.

Jayne

It has been good to work with you these past five months, hope all goes well with your new baby girl, and you get to Egypt very soon. Maybe we will meet on another project one day.

Very best wishes
