

CONNECTED LEADERSHIP™

"Great things happen when leaders connect"

Connected Leadership is a series of high profile events, educational retreats and intimate forums that put the firm's key leaders in close touch with top performers in other fields.

Connected Leadership revolves around these key initiatives:
Global Forums, Regional Business Leadership Events
and Professional Education.

World Business Forum: NYC 2006

The World Business Forum gathers top speakers and executives in thought-provoking lectures and debates of critical business issues. It combines a learning experience with outstanding opportunities for networking with top executives and thinkers, and business decision makers from all sectors of industry.

Connected Leadership Feedback

"The quality of the speakers was first rate and I have referred to the forum numerous times with my clients. It is one of the best things the firm has ever done."
