

KSU SMOKING POLICY ENFORCEMENT

Faculty, staff and students are encouraged to directly and politely inform those unaware of the policy, or remind those in disregard of it. If this effort is unsuccessful, the individual in violation of this policy may be subject to appropriate disciplinary actions as defined by KSU employment policy. Students may also be subject to campus disciplinary procedures where sanctions are possible.

When observed, officers will approach those that are not in compliance, ask that they comply, and answer questions regarding the policy. Officers will not discuss the fairness of the policy. Violators may be charged with applicable state and or/or county ordinances. Officers will not respond to anonymous calls reporting smoking policy violations.

We ask for your cooperation.

This policy has been in place since January 1, 2006.

KSU SMOKING POLICY

KENNESAW STATE
UNIVERSITY IS A
RESTRICTED SMOKING
CAMPUS.

KENNESAW STATE IS A RESTRICTED SMOKING CAMPUS.

Kennesaw State University has a responsibility to its employees and students to provide a safe and healthy environment. Research findings show that tobacco use in general, including smoking and breathing secondhand smoke, constitutes a significant health hazard. In addition to causing direct health hazards, smoking contributes to institutional costs in other ways, including fire damage, cleaning and maintenance costs, and costs associated with employee absenteeism, health care, and medical insurance.

This smoking policy seeks to guarantee non-smokers the right to work in air free of tobacco smoke, whilst also taking account of the needs of those who smoke.

Smoking is allowed in designated areas throughout Kennesaw State University's campus. Please smoke only in these areas and dispose of cigarette butts in the ashtrays provided. Cigarette butts constitute as litter and you can be fined if you do not dispose of them properly.
