Dear Rabbi Niman:

My wife and I wanted to extend to you our *Hakoras Ha'Tov* for transforming the *Yeshiva* to an outstanding *Makom Torah*. In recognizing your superior leadership, relentless dedication and extraordinary hard work, we will always be grateful for the support and individual attention you gave to our sons, Menachem and Eliezer, as well as to the *Yeshiva* student body at large. Your *Derech Eretz*, professionalism and sincerity have earned the respect and admiration of all who have had occasion to interact with you. Clearly, you have left an indelible mark on the *Yeshiva*, one that will be lasting and enduring for all who follow in your footsteps.

Although we do not live in the Kemp Mill area where you reside, we have heard about the many acts of *Chesed* your family has performed for the community at large, 24/7, well beyond the call of duty. We and many others truly wish that circumstances were different and you could continue guiding the *Yeshiva* in the *Derech Hashem*. Wishing you much *Hatzlocha* and *Menuchas Nefeseh* in all your future endeavors, we thank you again for all your efforts!
