Hello Castaways Fan,

We would like to take the time to update you on what is happening with your favorite hip-hop group Castaways. Wittman has been hard at work creating new beats everyday and BRoDiE has just finished recording the final song on the now released KingofHeartsEP which is available for free download at the groups website. Read on for more details.

### **EP includes hit song HeadOnStraight!**

The 11 song EP was a collaborative effort. Three different beatmakers combined to produce the album. Jester produced Rain Drops and Shine. Pete the Genius created KingOfHearts, leaving the other eight songs produced by Wittman, including fan favorite HeadOnStraight!. The EP is mostly brand new, never been heard before tracks, with a couple old favorites remixed and thrown in. Other artists featured on the album include Tom Pepe, Shayne Tauaefa, GrimeShine, and KimoDaBarbarian.
