TEACHING PRACTICUM

St. Alexander School, Grade 4/5, North Bay, Ontario

- Planned and implemented lessons using the Ontario Curriculum in all subject areas with a variety of technological strategies such as SMART Board, Mobile Laptop Unit, and Alpha-Smart to enhance the student learning
- Differentiated lessons to meet all learning styles and learning abilities, ensuring a level of comfort for all learners while providing a learning environment for risk taking and critical thinking
- Participated in monthly staff meetings, volunteered with the Christmas Concert, and implemented extra-curricular activities prior to the school day

2008-2010

UNIVERSITY HOCKEY CAMP INSTRUCTOR

Brock University, St. Catharine's, Ontario

- Planned and instructed ninety minute on- ice skill development sessions for youth and adults
- Utilized life-size video screen for skating enhancement

2008-2010

I.M.P.A.C.T. (Intensive Measures: Police and Community Together)

Brock University, St. Catharine's, Ontario

- A mentor for Youth at Risk-strived to improve self-confidence and self-esteem of participants within a one-on-one relationship in a recreational setting

2005-2008

CAMP COUNSELLOR

Norfolk Youth Children's Association, Simcoe, Ontario

- Planned and implemented summer program activities for children of all ages
- Promoted a positive healthy environment for participants
- Mentored life skills for participants. For example, importance of punctuality, cleanliness, sharing of chores, teamwork and sportsmanship

**March 2007 to
May 2007**

YOUTH COUNSELLOR

Norwegian Cruise Line, Miami, Florida

- Plan and implemented recreational activities for children from 3-17 years of age from all locations in the world
- Assisted with the development of social and recreational activities while adhering to the safety procedures of the cruise line
- Programmed recreational activities for diverse groups with injuries and varying abilities while maintaining the objective of the program

Spring 2007-

GRADE NINE-TWELVE STUDENT TEACHER

John Paul 2 High School, London Ontario

- Planned and executed units of study in Health and Physical Education for grades 9-12 utilizing the Ontario curriculum
- Implemented strategies to enhance all of the students participation and development in the physical education and health program
- In addition worked with a hearing impaired student that was limited in participation, therefore, I initiated the substitution of a flashlight for a whistle to signal a change in activity, the student could not hear the whistle but could see the flashlight and was able to participate in group activities
- Took initiative to take an American Sign Language class. This enabled me to communicate effectively and directly with the student
- Volunteered as an Assistant Coach for the High School Woman's Hockey Team
