

DESIGNER'S NOTE

My inspiration for this magazine came from watching endless amounts of home shows and shows about celebrity homes. Everytime I would watch these shows I always found the features in the homes breathtaking. That gave me the idea, why don't I share all of these wonderful amenities with our readers. So, here it is, a full collection of all that inspired me and made me dream of my next home. I hope you will enjoy this issue and get inspired too.
