

The Idea

Criss Angel is recognized as one of the most provocative artists in the world today. In an attempt to pay homage to the late/great Harry Houdini, Criss chose "Believe" as the title for this unprecedented live experience.

On his death bed, legendary magician and escape artist, Harry Houdini told his wife the following; "After my death, many people will claim that they are still able to communicate with me. If their claims are valid, they will be able to tell you a code word - that word is BELIEVE."

"I invite you to see my live show experience. You won't believe what is in store for you. I guarantee that this show will blow your mind, reinvigorate the way you think about magic and reawaken the child that lives in us all. Nothing like this show has ever been created or even attempted before. The collaboration with Cirque du Soleil and Luxor has been incredible. **You will BELIEVE!**"

The Show

CRISS ANGEL Believe is a haunting exploration deep inside the inventive mind of mystifier Criss Angel as he hovers between the land of the living and a surreal world uniquely woven together by the distinctive imaginations of Criss Angel and Cirque du Soleil.

Unlike traditional magic-themed shows, CRISS ANGEL Believe transcends any preconceived notion of what it means to be emotionally engaged by the arts of mysticism and illusion. Imagine a fantasy, an allegory, a highly theatrical tableau of mood, reverie and emotion set against a backdrop of dreamlike darkness and light.

Criss Angel stars as a surreal, enigmatic Victorian Noble. Along a path of imaginative exploration, he encounters Kayala and Crimson, two women who represent different aspects of femininity, four bizarre Ushers, who will introduce the audience to the baroque theater of Criss's mind and a high-energy troupe of characters and dancers who mix a multitude of styles into a high-energy visual feast, punctuated by moments of grace and sensuality.

The stunning illusions in CRISS ANGEL Believe will not be presented as standalone elements, but as interdependent components using heightened imagery, fantastical creatures and impossible feats of legerdemain, all of which will be integrated into the dazzling, colorful fabric of the story.
