

Director of Education  
Thames Valley District School Board  
1250 Dundas Street  
London, ON  
N6A 5L1  
(519) 452-2000

Dear Selection Committee,

As a recent graduate of the Faculty of Education program at the Primary/Junior level at Nipissing University, I eagerly anticipate the day when I am able to implement all that I have learned within the classroom setting. The more I practice teaching the more excited I become about my first teaching position. It is for this reason that I write to you, with the hope of attaining that first position in the Thames Valley District School Board.

As you will see on my resume I have spent many years of my life teaching in different settings ranging from group homes to various athletic settings. Each experience has exposed me to unique teaching situations with students that all have different needs, which has helped me to hone a thorough understanding of the motivational needs of students of all ages and abilities.

I strive to inspire students to think creatively and critically and to solve problems effectively, while improving their communication skills as they enter the Information Age of technology. With my time spent working in a group home and now my experience in the classroom setting, I believe that I am uniquely able to spark the desire to learn and master material in students, a skill that would make me an asset to your school board.

Thames Valley District School Board is of particular interest to me as in recent years London has become my home. I have volunteered at several schools in the area and I have had an outstanding experience with all of the teachers and administrators I have come into contact with. I hope to have the opportunity to contribute to the tradition of teaching excellence for your school board.

Thank you for considering my resume. I hope it has convinced you that I am a suitable candidate for one of your teaching positions. Please feel free to contact my references. I would be pleased to respond to any further questions in an interview. I can also be reached by phone at: (519) 495-5475.

Sincerely,

Tom Vockeroth
