Slow-Steamed Pastrami

Pastrami at its absolute best. Succulent, silky, smooth, warm, spicy, meaty, smoky, salty, savory. It lights up all your taste buds, and reaches right into your soul. Warning - this product is not for those attempting to restrict pleasure.

Fireside Roast Turkey

Infused with Extra Virgin Olive Oil and Organic Cider Vinegar, herbs and spices, and with just a kiss of real hardwood smoke, chipotle and porcini. Aromatic, Flavorful, Succulent, and FLAME ROASTY too.

Oven-Roasted Corned Beef

Top Choice and Prime beef gently cured, spiced, and roasted to melty-succulence. Be warned - this is not lean, politically correct corned beef like you'll see around town. You want lean - please try our turkeys. This is Real Corned Beef, as the Creator intended. One Taste, and you'll know why Corned Beef became famous way back when.

Holiday Roast

Fabulous Holiday Roast Turkey Breast, sliced right at the table. Extra-savory, tender and juicy, with Extra Virgin Olive Oil, Organic Cider Vinegar, herbs and spices. This is a perfectly succulent single turkey breast like you've dreamed it would be.
