To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Michael Newman. I have known Mr. Newman for over twelve years, both personally and professionally. Always being responsible and adept at whatever project he participated in, I have watched him continue to grow and evolve into a creative and talented educator.

As the overall Camp Director for the YM-YWHA of Union County, Michael has designed two amazing websites; one for Camp, and one for our entire agency. Due to Michaels' skills, the Y has been able to enter the 21st century. Please visit these sites if you have the opportunity, and they are very impressive. He has also been instrumental in linking the Y to "Facebook", and getting involved in the work for constant contact and mass emailing.

His technology talent reaches into all aspects of the cyberworld....programming as well as offering support tactics to other staff members. His ability to "troubleshoot" and logically approach difficult situations is unsurpassed.

Mr. Newman would be an asset to any organization, facility, or institution that he is associated with, we hope to be fortunate enough to have him with us for a long time. Please feel free to contact me if you need any more details, or if I can be of any further assistance .

Respectfully,

Jani Jonas, Associate Director
