

Keep Your Laws Off My Body

How You Can Help

You can join Reproductive Rights Coalition! We help students get more involved in the political spectrum of the abortion debate through campus action.

You can also visit www.naral.com for more comprehensive information on what it means to be Pro-Choice and what you can do to help.

Who We Are

We are a Pro-Choice group at Minnesota State University, Mankato. We advocate for the Pro-Choice movement through tabling, hosting events and open weekly meetings.

We act as a connector for students to voice their opinions and get an opportunity to lobby at the Capitol for Pro-Choice Lobby Day.

What We Do

- **Tabling:** Our group tables in the CSU at least twice a month to distribute buttons, pamphlets, bumper stickers and more.
- **Events:** We host an assortment of events with speakers such as Jennifer Pritchett, owner of The Smitten Kitten, and discussions of reproductive rights issues.
- **Meetings:** Our weekly meetings discuss the current political climate for the Pro-Choice movement and how we can help on campus.

Pro-Choice Lobby Day

Members of Reproductive Rights Coalition can help plan and attend Pro-Choice Lobby Day. Each year Lobby Day is held at the state Capitol to promote the importance of pro-choice laws in Minnesota and the nation.

Members have the opportunity to lobby to state legislatures and senators on why they should vote for Pro-Choice laws.
