*I am pleased to write this letter to inform you that Grant has been chosen as Houston Secondary School's Wolverine of the Month for October, 2009 for his contributions to the school.*

*At each staff meeting, staff members put forward names of students who they feel exemplify some characteristic or talent that we feel is important to the school community, such as leadership, academic ability, citizenship or service. Staff members speak on behalf of each nominated student and then a vote is held to choose that month's winner. The name and picture of the winner are displayed in the glass case across from the office for the following month.*

*Grant was chosen for his exceptional contributions over the last several years. Grant supports almost every event our school runs by running the technical equipment. He has always proven himself to be very reliable and often, staff are seen trying to find Grant at the last minute to assist them with some form of technical assistance. The staff also felt that Grant should be recognized for his commitment to his academics by taking a course in Smithers every Thursday for an additional 4 hours/week. Furthermore, Grant runs plays the music for all of our dances and is cooperative and friendly in all of his classes. Congratulations Grant and keep up all the great work.*

Sincerely,

A handwritten signature in blue ink, appearing to be "S. Jackson", written over a white rectangular area.
