

Banding Together, Expanding the Family.

Franciscan Physicians Hospital's Meet and Greet with Franciscan Hammond Clinic personnel drew a healthy crowd, approximately onehundred thirty people from both organizations. Many FPH staff came to welcome the Hammond Clinic into the Franciscan Alliance family.

Mary Lou Nowacki, of FPH's Medical Staff Office was excited about the opportunity to meet with the Hammond Clinic Staff, and hopes to have more interaction in the future. "I think we need to have these more often", said Nowacki. "It's a great way to help develop relationships with the new members of Franciscan Alliance."

The members from both organizations enjoyed meeting and socializing, and everyone is looking forward to working together in the future.
