

Remember when...

It took boxing gloves to resolve  
invoice disputes?

Stop getting beat on invoice disputes. InvoiceLink's patented technology completely Web-enables invoicing and payment, so you can present electronic statements, track disputes, answer questions, maintain an audit trail and view invoices with your trading partners in real-time. ***No more going toe-to-toe over problematic charges. No more sparring over who's been short-changed.*** InvoiceLink even lets your customers pay invoices online — all without writing a single check.

InvoiceLink is so collaborative ...you'll resolve invoicing issues without bruising your business relationships.
