Work Experience

AAA Auto Club of Missouri

October 2011-Present

Position: *Member Service Representative*

At AAA, I assist our members when they call in for Emergency Roadside Assistance. Using excellent customer service, I gather information from the member and enter it into our database to get service to the member. My duties also require me to use both physical and digital maps to pinpoint members' locations.

College of Architecture Planning and Design

August 2010-May 2011

Position: *Structural Systems Teaching Aide*

Interested in and succeeding in my Structural Systems class, I decided to use my skills and interest to help teach the younger students about Structural Systems and assist the professor in his duties, including teaching the material outside of class and grading papers.

Kites Bar and Grill

July 2010-October 2010

Position: *Door Attendant and Peacekeeper*

My duties for this position consisted of setting up the facility during the transition from restaurant to bar at night, as well as resetting it back for restaurant use in the morning. I was also responsible for maintaining the 21 and up policy at the door, as well as keeping the peace throughout.

Dillons Grocery Store

May 2009-August 2009

Position: *Grocery Department*

During the summer of 2009, I worked as a grocier, or shelf-stocker, at Dillons Grocery Store. I worked predominantly early morning hours, starting as early as 6 AM. As summer ended, my schoolwork resumed.

O'Leary's Restaurant

April 2004-March 2009

Position: *Server, server assistant, kitchen expo*

One of my first official jobs, I was hired on as a server assistant (buss boy), primarily clearing tables and cleaning. Upon turning 18, I was trained as a server and was tasked with making guests' visits to the restaurant as nice and comfortable as possible.

Boys Hope Girls Hope National Office

June 2004-August 2004

Position: *Database developer and tester*

Acquiring this one summer internship through the president of my high school due to my computer skills, I was given a place in the Boys Hope Girls Hope National Office to help develop new database software for storing all of their files. I helped input data as well as develop the users manual for new people who would be completely unfamiliar with the database software.

Concord Sand Volleyball Association

April 2003-August 2006

Position: *Volleyball official and scorekeeper*

As a young man just getting out into the job world, I was hired shortly after my brother to be a volleyball official. The job was relatively simple in nature, but required knowledge of the rules and a strong will to hold to a call.
