

Do you ever find yourself saying, "Why can't we just get along" or "If I only knew what he/she expected of me"? Ever been part of a group where everyone wanted to be in charge? Or no one would take charge? We face these interpersonal challenges on a daily basis. Friends, families, schoolmates, co-workers all struggle at times to communicate effectively and try to understand one another.

The Challenge Course here at Lutherwood was designed specifically for groups wanting to grow together as a team and learn from one another. Allow us to help facilitate your group as we put you up against different challenges to encourage teamwork, communication, and leadership development. Become a stronger team as you challenge yourself and others 40 feet in the air on our high challenge course. Whatever the need of your group we will tailor your experience to meet those!

"I just wanted to follow up and say thanks so much for having the Upfront Players out the ropes course on Sunday. It was so much fun and everyone totally loved it!" -Galen
