

Why should you choose OFC over other Martial Arts facilities that offer BJJ?

OFC's success in kid's tournaments reflects the quality training they receive from the instructors. OFC's family values provide a catalyst for your child to model upstanding citizen behavior that entail respect for others, self-control, self-confidence, and honor.

Why should you choose Martial Arts for your child?

Martial Arts is designed to give your child the tools and opportunities to excel physically, while instilling discipline, honor, self-esteem, and respect at all times

Why should you choose BJJ over other Martial Arts?

BJJ is a non-striking Martial Art that uses body leverage to overcome your opponent. When children at school need to defend themselves in a fight, the techniques they learn will help them to overpower larger bullies while not breaking school rules of hitting or kicking their aggressor. They also learn grappling techniques of how to escape from being pinned down in a fight.

Did you know that Brazilian Jiu-Jitsu is a non-striking Martial Art best used for self-defense?

Brazilian Jiu-Jitsu will also enhance your child's physical fitness, teach respect for authority, build self-confidence, fine tune attention skills, and positively channel aggressive behavior.

OFC has a phenomenal competitive BJJ kid's program! In last year's North American Grappling Association (NAGA), the world's largest grappling tournament, all students placed at least 3rd place and above.

OFC provides a safe environment for all family members to participate in training. Our recently renovated facility has a supervised surveillance system and offers an area for children under the age of 3 to safely play while other family members train.

Owners, MarkWayne and Kristy Mullin, emphasize a family-friendly environment by establishing guidelines of clean language, respect for others, and safety of students. All instructors must pass an extensive background check and maintain a clean record of being upstanding citizens.
