## EMERGINCSPF 30 TINT

Living with the sun beating down our backs, the harsh ultraviolet rays gives rise to uneven skin tones, pigmentation and other skin blemishes, and inflict more damage than one can imagine.

Enter EmerginC SPF 30 Tint, a lightweight and non-greasy sunscreen providing a broad spectrum protection with zinc oxide and titanium oxide, further enhanced with vitamins and active botanicals for radiance and fairness that last. Suitable for all skin types, the tinted sunscreen contains licorice root, pine bark extract and aloe vera to soothe skin, reduce wrinkles and prevent inflammation. Best applied before sun exposure.

# BLAST AWAY PIGMENTATIONS

## ENVIRON CLARIFYING LOTION

For a dazzling White Christmas, gift yourself with snow white skin, courtesy of Evenescence Clarifying Lotion. Acid-balanced to help maintain the natural acid mantle; the formula includes Niacinamide and Sepiwhite-MSH™ to help control the formation and dispersion of melanin, which is responsible for creating dark blemish marks and uneven skin tone. The clarifying lotion can be used on individual spots where pigmented blemishes are small and defined, or on the whole face and neck for extensive, uneven skin tone for a brighter complexion with improved clarity. Mirror, mirror on the wall, now who's the fairest of them all?

GLOW PRETTY

## JANE IREDALE SMOOTH AFFAIR™ FACIAL PRIMER & BRIGHTENER

The makeup that cares strikes again to keep your visage as fair as the angel atop the Christmas tree.

Smooth Affair is a translucent pink primer that brightens and evens out uneven skin coloring to minimize icky pores and oily sheens. A fruity mix of grapefruit extract and apple extract promote luminous radiance and refines skin respectively. Power pack with epidermal cell renewal and soothing properties, this is one primer that smells deliciously of fragrant botanicals. Additionally, the presence of green and white tea leaf extracts and royal jelly provide anti-ageing and anti-inflammatory effects. For the best glow, apply a thin layer all over the face with fingertips until the formula has been thoroughly absorbed. Follow up with or without your favorite Jane Iredale mineral foundation and shine!

## PHFORMULA DERMATOLOGICAL SKIN RESURFACING

Once very much sought after, traditional methods of skin peeling have been proven harsh and detrimental to the skin. Follow up with times now and give this passé method a full revamp with pHformula Dermatological Skin Resurfacing series. Infused with multi-vitamins, anti oxidants and anti-inflammatories, this skincare series contains no added color, no mineral oil and no lanolin. It has a Paraben-free preservative system and is non-camedogenic, providing thorough sun protection formulation that aids in DNA repair and protection. pHformula Dermatological Skin Resurfacing series targets strongly at preventing pre-mature aging of the skin, acne, chronic redness and hyper pigmentation. Bringing only the most advance of treatments, you can now achieve beautiful results outside in and inside out.

## NEWHITE

Skin fact: The production of melanin in human skin is stimulated by DNA damage induced by UVB radiation and leads to a long-lasting tan.

A brightening skincare line that slows down the production of UV-induced melanin, the NEWHITE range is formulated with melanoxyol and stabilized Vitamin C to lighten the skin tone, protect skin from free radicals and boost collagen synthesis for brighter, radiant skin.

From double-duty cleansers that remove make-up at the same time to brightening masks, creams and serums, the comprehensive range promises to leave skin soft and comfortable and rid the skin of impurities and toxins while complementing each other to prolong the brightening effect and eliminate the appearance of brown spots.

## MEGLIO.S (BRIGHTENING TREATMENT AMPOULE)

Normal face washers and moisturizers can only do so much for your face. Against the toxic clutches of environmental pollutions and ultraviolet rays from the sun, your delicate skin will simply crumble with time. Instead of allowing lackluster and pigmented complexion to sneak up on you, taking up a preventive stance will be much more ideal. With the meGLIO.S Brightening Treatment Ampoule, keeping your complexion at tip top condition will be a breeze. Hailing all the way from Switzerland, this Swiss professional care is harnessed from natural plant stem cells and is totally paraben free. Now all that stands in between you and radiant skin is but for you to pick up the ampoules and start using.

LIGHT UP DOWN SOUTH

## POST-BRAZILIAN MASK

Going bare 'down there' is an increasingly popular option for women these days, but things can get seriously ugly should you neglect to take care of your sensitive regions after a wax. For those with qualms about the discoloration around the pubic and vaginal area after a Brazilian wax, WAXXXX's Post-Brazilian Mask helps to soothe newly waxed skin to reduce any redness or irritation. The mask contains plant extracts to moisturize skin and lighten the blemishes and darkened areas. Packaged in convenient sachets, apply one to two times for half an hour for home care use after every Brazilian session.

## WHITELAN® ADVANCED WHITENING SYSTEM

While many of us have longed to see the snow-capped Swiss Alps before us, the Swiss have been working on planting that beauty on our very skins. Here you have it: an advanced whitening system that sheds off to welcome snow-white skin in just 3 steps. Step 1: Introducing an unprecedented inside-out 360° peeling of medium-depth for the ultimate renewal of skin free of discoloration. Encapsulation technology sets this peeling system apart from traditional peels. Step 2: Making use of whitening ampoules, the complexion is illuminated with its depigmentant effect. Hyper pigmentation and dark spots are eliminated, normalizing the skin tone. Step 3: Maintain your newborn skin at home with a home care cream to rebuilds new collagen and elastin fibers, for even better results and discoloration of remaining superficial spots.
