Table of Test Specifications

Standard: The students will apply and extend previous understandings of operations with fractions to add, subtract, multiply, and divide rational numbers.				
Title of Unit of Study: Rational Numbers				
Grade Level: 7th Grade		**Content Area:** Mathematics		
Total Points: 10		**Type of Items:** Multiple Choice		
	Bloom's Taxonomy of Cognitive Levels Number/Percent of Items Per Level			
Objectives Multiple-Choice	**Level:** Understanding	**Level:** Analyzing	**Level:** Applying	**Total/Percent**
The students will be able to identify the property of operations of distributive property with 80% accuracy.	1 (10%)	1 (10%)		2 (20%)
The students will be able to use the distributive property of operations to solve equations.	2 (20%)		2 (20%)	4 (40%)
The students will be able to construct real-world mathematical problems involving multiplying rational numbers with 80% accuracy.	1 (10%)		3 (20%)	4 (40%)
Total				10/100%
