Is the Countdown to Christmas Taking Too Long?

Every child... and elf, knows the struggle this time of year: the anticipation that causes the heart to race with excitement, pushing patience to the limit, seemingly slowing down time itself. Even those of us who are just "young at heart" know the feeling, the thrill of looking forward to the joy of Christmas.

Here at GracePoint we say, "Why wait?" That's why we're going to once again throw caution to the wind and celebrate Christmas Eve **ONE DAY EARLY!** That's right: GracePoint is gearing up for our

5th annual "I Can't Wait for Christmas Eve" celebration

So at **6:30pm on Monday, December 23rd**, gather family, friends & neighbors for the fun of Christmas songs old and new, the traditional telling of the **original** Christmas story for kids and more! And don't forget the moving conclusion as we all sing *Silent Night* by candlelight. Your Christmas season won't be complete without it.
